

What's Next After a Data Breach?

Building Resilience Before and After a Crisis

Start here →

sales@briskinfosec.com

Breach Landscape

- 🔒 In 2025, 46% of Indian orgs reported a major breach in the last 18 months (IBM X-Force)
- 🔒 Data loss is now a matter of when, not if.

Post-Breach Pitfalls

- 🔒 Delayed notification = heavy fines
- 🔒 Blame game weakens public trust
- 🔒 No dry-runs = slow, costly recovery

Insight

Our clients who rehearse IR playbooks recover 70% faster.

Instant, Transparent Communication

- 🔒 Pre-approve messaging templates and escalation trees
- 🔒 Prepare updates for internal teams, customers, and media
